CONSENT DECREE Case No.

#### I. BACKGROUND

- A. The United States of America ("United States"), on behalf of the United States Environmental Protection Agency ("EPA"), and the Department of Interior ("DOI"), filed a complaint in this matter against StarLink Logistics, Inc. ("Defendant" or "SLLI") pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9607(a), as amended ("CERCLA"), seeking reimbursement of response costs incurred or to be incurred for response actions taken at or in connection with the release or threatened release of hazardous substances at the Rhône-Poulenc Inc./Zoecon Corp. Superfund Site, East Palo Alto, California (the "Site") and the recovery of damages for injury to, destruction of, or loss of, natural resources resulting from releases of hazardous substances at and from the Site and the costs of assessing such injury, destruction, or loss.
- В. In cooperation with Federal and State agencies with appropriate jurisdiction, including the United States Fish and Wildlife Service ("FWS") and the California Department of Fish and Game, SLLI restored a near-by salt pond to tidal marsh in anticipation that such project would, among other things, compensate for potential natural resource damage occurring at the Site. SLLI and DOI agree that the scope of the project exceeds the amount of restoration needed to provide compensation for Natural Resource Damages (other than damage assessment costs as provided herein) resulting from the release of hazardous substances at and from the Site.
- C. The United States and SLLI (collectively, the "Parties") agree that the actions undertaken by SLLI in accordance with this Consent Decree, including entering into the Consent Decree, do not constitute an admission of any liability by SLLI. SLLI does not admit, and retains the right to controvert in any proceedings other than proceedings to implement or enforce this Consent Decree, the matters set forth in Section VI (Statement of Facts) and Section VII (Determinations) of this Consent Decree.
- D. The United States and SLLI agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, 1 ADJUDGED, AND DECREED: 2 3 II. JURISDICTION 4 1. This Court has jurisdiction over the subject matter of this action pursuant to 28 5 U.S.C. §§ 1331 and 1345; Sections 107 and 113(b) of CERCLA, 42 U.S.C. §§ 9607 and 9613(b); Section 311(n) of the Clean Water Act, 33 U.S.C. § 1321(n); and Sections 1006 and 1017(b) of 6 7 the Oil Pollution Act ("OPA"), 33 U.S.C. §§ 2706, 2717(b); and also has personal jurisdiction 8 over SLLI. Solely for the purposes of this Consent Decree and the underlying complaint, SLLI 9 waives all objections and defenses that it may have to jurisdiction of the Court or to venue in this District. SLLI shall not challenge the terms of this Consent Decree or this Court's jurisdiction to 10 enter and enforce this Consent Decree. 11 12 III. PARTIES BOUND This Consent Decree is binding upon the United States, and upon SLLI. Any 13 2. change in ownership or corporate or other legal status, including but not limited to, any transfer of 14 15 assets or real or personal property, shall in no way alter the status or responsibilities of SLLI under this Consent Decree. 16 17 IV. STATEMENT OF PURPOSE 3. 18 By entering into this Consent Decree, the objectives of the Parties, as more 19 precisely described in the terms of the Consent Decree, are: 20 to reach a final settlement among the Parties with respect to Past Costs, Future Response Costs, and Natural Resource Damages at the Site pursuant to Sections 122(h) 21 22 and (j) of CERCLA, 42 U.S.C. § 9622(h) and (j), thereby resolving certain alleged liability 23 relating to the Site; to resolve claims by the Covered Parties that could have been asserted 24 against the United States with regard to the Site; and, 25 26 to provide for contribution protection for the Covered Parties with regard to c. the Site pursuant to Sections 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2) with respect to the 27

- In 1985, the Site was proposed for inclusion on the NPL under CERCLA, and also in 1985, the California Department of Health Services issued Sandoz, the Facility owner and operator at the time, a permit to store and treat hazardous waste under RCRA authority (permit No. CAT000611350). In 1989, EPA formally removed the Site from consideration for the NPL.
- From 1987 to 1991, the Site was under the jurisdiction of DTSC pursuant to a Consent Order between DTSC, the RWQCB, and Rhône-Poulenc. Lead agency status changed in January 1991 to the RWQCB and the provisions of the Consent Order were vacated by
- The Remedial Investigation (RI) report for the Site was completed in 1989, and the Feasibility Study (FS) report was completed for a portion of the Site that encompassed approximately 9 acres, called the Upland Operable Unit, in 1991. The properties to the north and west of the Facility and the PG&E poleyard are included in the Upland Operable Unit.

In the Upland Operable Unit and Upland Operable Unit Annex, accessible soil containing greater than 5000 mg/kg arsenic has been disposed off site, accessible soil containing arsenic at concentrations between 500 and 5000 mg/kg has been treated, and remaining soil containing greater than 70 mg/kg arsenic has been capped and the properties deed restricted. In the South of Weeks Subarea, accessible soil with arsenic concentrations greater than 20 mg/kg has been removed. Limited additional soil removal will be conducted when structures are removed on the Bains and Wilson properties. A slurry wall and groundwater extraction system (phytoremediation) have been installed at the Site. Groundwater monitoring continues. A feasibility study was prepared for the Wetland Operable Unit in 2005 which was finalized in 2007.
- 21. RWQCB Order 92-127 required an Ecological Assessment of the tidal marsh, which was timely prepared.
- 22. Remedial activities in the Upland Operable Unit Annex resulted in the filling of 3.34 acres of seasonal wetlands.
- 23. RWQCB Order 94-042 required an offset for any wetlands filled as the result of the remedy at a ratio of three acres of wetland created, enhanced, or restored for every acre eliminated. The RWQCB approved the restoration of the 115-acre Cooley Landing Salt Pond, located north of Bay Road to the northeast of the Facility. Ten acres of this 115-acre restoration project were committed to off-set for filling 3.34 acres of the non-tidal wetland in the late 1990s.

#### XII. COVENANT NOT TO SUE BY COVERED PARTIES

- 51. The Covered Parties covenant not to sue and agree not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to Past Response Costs, Future Response Costs, Natural Resource Damages, or this Consent Decree, including:
- a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;
- b. any claim arising out of the response actions at the Site for which the Past Response Costs or Future Response Costs were incurred, including any claim under the United States Constitution, the Constitution of the State of California, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law; or,
- c. any claim against the United States pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to Past Response Costs, Future Response Costs, or Natural Resource Damages.
- 52. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).
- Non-Exempt De Micromis Waiver. The Covered Parties agree not to assert any claims and to waive all claims or causes of action that they may have for all matters relating to the Site, including for contribution, against any person where the person's liability to the Covered Parties with respect to the Site is based solely on having arranged for disposal or treatment, or for transport for disposal or treatment, of hazardous substances at the Site, or having accepted for transport for disposal or treatment of hazardous substances at the Site, if all or part of the disposal, treatment, or transport occurred before April 1, 2001, and the total amount of material containing hazardous substances contributed by such person to the Site was less than 110 gallons of liquid materials or 200 pounds of solid materials.

- 54. The waiver in Paragraph 53 shall not apply with respect to any defense, claim, or cause of action that the Covered Parties may have against any person meeting the above criteria if such person asserts a claim or cause of action relating to the Site against the Covered Parties. This waiver also shall not apply to any claim or cause of action against any person meeting the above criteria if EPA determines:
- a. that such person has failed to comply with any EPA requests for information or administrative subpoenas issued pursuant to Section 104(e) or 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) or 9622(e), or has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the Site, or has been convicted of a criminal violation for the conduct to which this waiver would apply and that conviction has not been vitiated on appeal or otherwise; or,
- b. that the materials containing hazardous substances contributed to the Site by such person have contributed significantly, or could contribute significantly, either individually or in the aggregate, to the cost of response action or natural resource restoration at the Site.

## XIII. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

- 55. Except as provided in Paragraphs 49 (Covenant Not to Sue by United States) and 53 (Non-Exempt De Micromis Waiver), nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a party to this Consent Decree. Except as provided in Paragraphs 49 (Covenant Not to Sue by United States) and 53 (Non-Exempt De Micromis Waiver), the Parties expressly reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action that they may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a party hereto.
- 56. The Parties agree, and by entering this Consent Decree this Court finds, that the Covered Parties are entitled, as of the date of entry of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), for "matters addressed" in this Consent Decree.
